TOMATO CROP FACES A SERIOUS SET BACK

Rain was the most needed of all weather factors this week and the normal dry weather in June was taking a heavy toll from the tomato crop and threaten the corn.

Unless rain comes within a very short time corn will be so hard hit it may not produce. May rains were heavy, too much for corn and tomatoes. Now since the dry weather of the past three weeks a still more serious situation has developed.

Tomatoes were slow and although 16 car loads have been shipped over the Santa Fe from Cameron with perhaps as many or more trucked away, the volume is disappointing.

No. 1 greens were bringing 7c Tuesday and the lesser grade 3c. Ripe tomatoes were becoming so plentiful that the price was down to around 5c.

Encouraging weather reports told of 2 inches of rain at Victoria Monday with .42 at Presidio where the temperature climbed to 105. Out at Guadalupe Pass they had over a half inch. It was cloudy in the San Antonio area and in south Texas. South winds might bring the rain that is so vital at this time.

EUGENE JEKEL AWARDED A & M SCHOLARSHIP

Eugene D. Jekel of Cameron was one of the 26 high school graduates awarded scholarships to Texas A&M College. The awards were announced at the College on Saturday.

Bill Arthur, teacher of Vocational Agriculture in the schools here, accompanied Eugene to college where he met all the qualifications to receive the award.

Other boys receiving the honors were: Richard Draper, Rogers; James E. Pianta, San Antonio; Clarence A. Schlather, San Marcos; William G. Long, Childress; John E. Jennings, Orange; Charles L. Novocad, Bryan; Joe A. Braden, Hondo; Alvin R. Freeman, Lampasas; James A. Dulock, Axtell; Tommy F. Green, Eldorado; Bennie E. Biddy, Avinger; Joseph A. Penry, Ozona; Billy B. Turner, Whitesboro; Will D. Barnes, Abilene; Morris W. Davis, Bangs; Robert B. Johnson, Kennedy; Herman R. Kyselka, West; Marvin A. Matusek, Sweethome; J. L. McFarling Jr., Hereford; Carl T. Neal, Elysian Fields; Harry C. Bush, Dallas; Bobby F. Thompson, Throckmorton; Marvin G. Twenhafel, Mercedes; and Billy M. Morrow, Graford.

THREE TEAMS COMPETE IN SOFTBALL LEAGUE

Cameron summer recreation program got under way here Monday with Albert Rettig, directing.

Mr. Rettig said that 25 boys and girls were at the play grounds the first day.

The program includes many games and new equipment has been installed to give the boys and girls the best possible advantages during the summer recreation program.

Parents are most welcome to send their children for the program at the grounds, situated in Central City Park.

Thus far, Mr. Rettig said, there are three softball teams going. Yarellton came in to defeat the Lone Star Beer Team 5 to 4. On Wednesday night Walgreen's team gets in play with Yarellton.

Girls Lone Star softball team will play the Temple Flyers also a girls team on Wednesday night.

City Inaugurates A Weed Cutting Service

The city has inaugurated a weed cutting service and now has a power mower that can be had for a very nominal cost.

This should appeal to vacant lot owners and all who have property adjacent to lots where weeds have grown up.

Besides being a civic gesture of wide possibilities the new mower deal will be useful in ridding the town of mosquitoes.

Property owners all over the city may now have weeds and grass cut by telephoning 182 the City Secretary's Office.

DRILL NIGHT WITH THE NATIONAL GUARD UNIT IN CAMERON

It was assembly again on Tuesday evening for Battery C, 239th FA Bn. at its armory in the old grammar school building, and Cameron's new National Guard unit, after its inspection for Federal recognition the week before, got started on its training schedule.

Random observations about this and that during the evening.

Lt. Tepera making an orientation talk . . . Company clerk Tom Hobson (a former marine) puzzling over battery reports and asking: "Do we send copies to Austin or Temple or where? It wasn't like this in the Marines" . . . And acting supply sergeant Marz, when asked if he had all the men's measurements for uniforms: "Yes sir—only none of 'em seem to know what size socks they wear." . . . The discussion after Capt. Michalka explained how the proposed streamlining of the army next year would cause merit and ability to advance a man faster . . . Ditto on the advantages of being attached to a division instead of a corps, and vice versa. . . . Roll call . . . Also Capt. Michalka saying: "There seems to be a lot of interest in the pay, so here it is again: for every drill period a Private gets \$2.50, a pfc. \$2.66, a corporal \$3.00, a buck sergeant \$3.33, and a master or first sergeant \$5.50. Any questions?" And the question: "Is that portal to portal?" . . . And that's all for now. See you again.

W. D. Bigbee and Mrs. Bigbee Return From Venezuela

Mr. and Mrs. W. D. Bigbee returned to their old home in Cameron Saturday from Venezuela where Mr. Bigbee has been engaged with a construction firm for the past year.

Both were reared in this community, Mrs. Bigbee being the former Lois Burnett and before she accompanied her husband to Venezuela, she was with the office of the county superintendent in Cameron.

Mr. Bigbee said Monday that for the present he is not making any plans and will be in Cameron for some time. During the late war he was engaged in government work in the Latin-American areas. He is a navy veteran from World War I.

Despite the southern climatic region it is cool and pleasant most of the year there, he said. Caracas is a small oil town located in a field with large production. From October until May the climate is dry and from May to September the rains come.

Trade winds blowing in from the Pacific dissipate the heat and in the surrounding country where the oil town is located the elevation is about 700 feet. Not far away is high country and quite cool in the mountains.

Mr. and Mrs. Bigbee reached Houston Friday and visited relatives then came on to Cameron. Friends here were most happy to have them back again.

Now It Is Pinto Potatoes From The Magic Soil Here

Milam county's magic soil has done it again.

Now it is pinto potatoes, part white and part red and they were raised by A. F. McGregor who lives in the sand country east of the river.

Mr. McGregor planted two kinds of potatoes, red and white and along side. It is presumed that pollination brought forth the pinto potatoes.

He said he was surprised when he dug some the other day to eat and found them pintos. Two of them are on display at The Herald.

Mr. McGregor said the potato vines had an unusual flower crop and he believes this increased the chances for pollination, if potatoes can be thus changed.

Rev. Lee Lemons Is New Methodist Pastor

Rev. Lee Lemons is the new pastor at First Methodist Church in Cameron.

He was assigned to the church here at the conference in Houston. He comes to Cameron from the church at Crockett.

Rev. A. E. Rider who came here in 1946, has been transferred to the Milby Methodist Church in Houston.

The new minister will be in Cameron within a few days and may be in the pulpit here Sunday.

LOCAL SCOUT TROOP BEST

TROOP 52 TOPS ALL IN TEMPLE MEETING

By RICHARD VANN

Troop 52 of Cameron bested a high wind and five other Boy Scout Troops to walk off with top honors as the Heart O' Texas council's annual field meet was unreeled Friday afternoon at wind-swept Legion park.

The Cameron Scouts rolled up a total of 77 points in the meet to guarantee that their troop name would be engraved first on the plaque given the council by I. N. Goldstein of Waco.

Rockdale, whose Troop 88 gave the Cameron lads a rough time in the junior division competition, had the satisfaction of winning the senior division by default as no one showed up to challenge their troop 180.

Only four boys from Troop 10 in Waco came down for the meet, but they were enough to grab third place for their troop, with a total of 28 points.

The 17 points scored by Waco's troop 28 were enough to keep them out of the cellar, which fell to Temple's too-perfect hosts, Troop 106.

MILANO SCHOOLS GET DEPARTMENT PRAISE

Supt. Hinton H. Pruett of Milano Schools, is this week in receipt of the annual report of the Deputy State Superintendent, R. R. Kay who recently visited the school. Mr. Kay was very complimentary in his report of the work being done by the school. This report was made after he had spent considerable time in the school evaluating the different departments of the school.

Supt. Pruett, the faculty, the Board of Education and the entire community should be proud of this fine report as given by Mr. Kay. Quoting from Mr. Kay's report we find this comment:

"The physical plant is in excellent condition and serves adequately the needs of the community. The equipment is also in good state of repairs and shows excellent care."

The educational program is first class in every respect. A good faculty under good supervision is doing an excellent piece of progressive school work.

"Especially commendable is the excellent business management and the transportation system. The system used in this school is a model for all schools showing a deficit in transporting students."

"Also the cafeteria under construction as well as the new water system are highly commendable. In fact this is one of the outstanding prizes of good school administration in our entire district."

The Milano school is to be highly complimented on their fine accomplishments.

MAY BE LOWEST JUNE READING ON RECORD

L. W. Smith, local weather observer for the government, reported to the Daily Herald Saturday morning that the low reading here was 64 degrees.

There were no records at hand but this is believed to be a near record low for June.

Temperatures were due to rise Saturday and by Sunday much warmer weather would return.

It was 10 degrees cooler in Fort Worth at 7 a. m. Saturday where the reading was 54 degrees. It was said that the lowest known recording was on June 14, 1903 when the temperature was 53 degrees.

Little rain had fallen in Texas. In some sections crops are damaged by the drouth and generally over the state some rain is needed.

Mrs. C. P. McGregor has returned from a two months visit with her son, Harleigh McGregor and family in New York City. While in the east, she visited a number of attractive places out from New York.

CATHOLICS ASK FOR \$200,000 A&M

NEW CHAPEL IS SOUGHT FOR A&M COLLEGE

BRYAN. —A drive for \$200,000 has been launched by the Rev. Tiru Valenta of St. Joseph's Catholic Church to provide a new chapel and recreation center for the 900 Catholic students at Texas A&M College.

Plans for the new building will include a residence for the student Chaplain, a recreational center consisting of an auditorium, class rooms, library, students lounge and game rooms.

St. Mary's Chapel, the present student center of worship, has become inadequate for the increased enrollment at A&M College. The chapel was built in 1926 by the State Council of the Knights of Columbus to accommodate 300 persons. The present enrollment is set at 900, not including the students' wives.

The drive has received the endorsement of the Most Rev. C. E. Bryne, Bishop of Galveston, and Msgr. J. B. Gleissner, 82 year old pastor of St. Joseph's, who serves as chaplain of St. Mary's Chapel.

Msgr. Gleissner expressed the wish that, "the chapel may become a reality before I have laid down the burden of life."

The new building is to be erected on an attractive two and one-half acre tract recently purchased. Construction will begin as soon as possible.

The State Council of the Knights of Columbus has stated that they will support the drive for funds to erect the new chapel. The Catholic Men of Texas and the Catholic Women of Texas (W. J. T. and K. J. Z. T.) have also voiced their support. Catholic students at the college have challenged the Catholic students to match the sum they will raise.

The Rev. Valenta has announced that anyone interested in making a donation for the project may send it to St. Mary's Building Fund, Box 850, College Station, Texas.

PRESIDENT TRUMAN IS AGAINST CUTS NOW

There will be no income tax reduction this year or next if Congress cannot muster power to override the President's veto for Mr. Truman early Monday disapproved the income tax reduction bill which had been passed by a Republican Congress.

The President had taken the position that to cut down the income of the government under present conditions would throw the economy out of balance.

More partisan Democratic views were that the tax reduction bill would help the rich and do nothing for the poor. The Republicans came through with another campaign promise—to cut taxes.

Whether the President also will veto the labor bill, was not as yet indicated.

The House of Representatives will take up the matter of over riding the tax veto bill Tuesday.

Tall Corn Growing In Milam County; Stalk Has 7 Ears

Tall corn grows in Milam county as well as out in Iowa and Theo Tucker who lives near Jones Prairie has proof of the fact.

Mr. Tucker brought in two stalks of corn from a 7 acre tract of Hastings Prolific and one of the stalks of corn is 11 feet high and the other about 9 feet has 7 ears of corn.

The growth is young and will need another rain to make. Mr. Tucker is a corn raiser. He has some acreage in Iowa Hybrid. Last year he sold 148 head of hogs and also quite a few other livestock.

Mr. Tucker leases the Loveknit Farm of 212 acres and with tractors and his sons they farm 212 acres. Billy Tucker is 19 and Grady is 17. Both are enthusiastic farm boys. Mr. Tucker has been farming 29 years in that community.

COUNTY VOTES SHARE OF FUNDS NECESSARY

Milam County Health Unit will operate again for another year for the support of this unit but no other unanimously to continue its share of the funds and in addition allowed a \$525 increase in the budget for the unit.

The City of Cameron pays \$1300 to the support of this unit but no other town in the county gives any financial support to the project.

Judge Dan Tyson told the daily Herald late Tuesday that the court had voted to continue support of the unit.

The Health Unit had asked for an increased budget from the county amounting to \$800 but the court allowed only \$525 after mature deliberation.

The Health Unit has become an important function in city and county for the protection of health and the promotion of better sanitation. It deserves the utmost in support and its work would be more beneficial if sterner policies were carried out to enforce sanitation where co-operation is lacking.

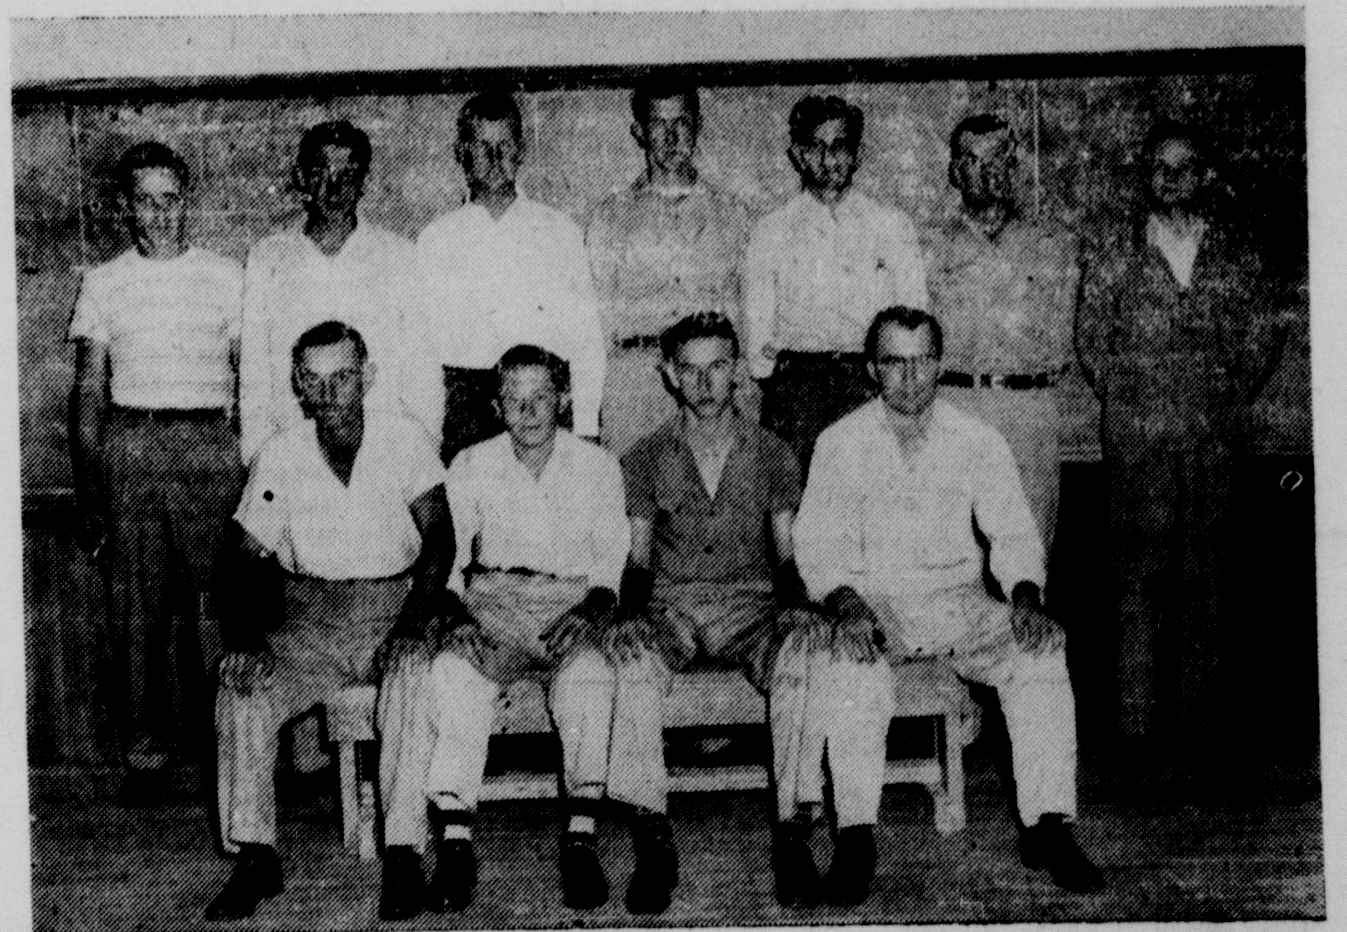

Haley Store Here Announces Big Sale And New Low Prices

New price trends on new goods, plus a clearance at prices that smack of bargain days of long ago, were prevailing to-day at the Haley dry goods store in Cameron.

Frank Haley released for publication and advertisement for the Daily Herald carrying some sensational bargains at the store. Such savings were due to create a big urge to buy.

Mr. Haley, now in Cameron, is getting the stocks ready for the selling event which opened to-day. Significant downward price trends at this store are reflected in the prices that are being quoted on new merchandise. This sale affects the entire merchandise volume in the store and hundreds of bargains are available that are not advertised.

Can't Break
His Good Habits!

Bert Childers was saying, it's funny how so many of our wartime habits stick with us.

Bert likes plenty of butter on his bread, but even now he can't get over spreading it like it was scarce as hen's teeth. And as a war worker, Bert used to stick to a temperate glass of beer on time off; and he still holds fast to beer and moderation.

Same way with Bert's wife. She not only has no trouble saving used fats, and waste paper. She's learned from wartime necessity to

save every single thing that might possibly be used again.

From where I sit, it's mighty good that so many of these common-sense habits like thrift and moderation have stayed with us. Because they belong in America—along with tolerance, and mutual respect for one another's rights. They're habits that have helped to make this country strong and neighborly and free.

Miss Irene Cook and Charlie Frank Angell Married on June 8

In a candle light single ring ceremony read by Rev. Harris McLerran, Miss Irene Cook and Charlie Frank Angell were united in marriage, at the home of Mr. and Mrs. Dan McCoy on Sunday night, June 8, 1947, at eight o'clock.

The bride given in marriage by her brother-in-law, J. B. Olive, wore a blue tailored suit with white accessories, and carried a bouquet of pink and white carnations. The groom wore a brown dress suit.

Mrs. J. B. Olive was maid of honor and was dressed in a white suit and wore black accessories and a corsage of red carnations.

Dexter Van Biber served the groom as best man.

A reception honoring the wedding party was held immediately following the ceremony at the McCoy home. The table was covered with a white linen cloth and centered with the beautiful tiered wedding cake.

Miss Sue Cook of Cameron, sister of the bride presided at the bride's book. The bride cut the cake after which the guests were served cake and punch.

Out-of-town guests were: Mr. and Mrs. J. B. Olive of Marshall Fort, Mrs. Sue Ferguson of Austin, Mr. and Mrs. Martin Beaty of Austin, Mr. and Mrs. Carlton Guthrie from Taylor, Earlene Angell from Freeport, Mr. and Mrs. S. I. McLure of Freeport.

Jeanne Lowe Is Honor Guest at Tea and Shower Wednesday

Miss Jeanne Lowe was honored with a tea and shower, with Mrs. Willis Dismukes as hostess, at her home on Wednesday afternoon.

The reception rooms were decorated throughout with lovely spring flowers. In the dining room, the table was covered with a crocheted table cloth, and was centered with a large arrangement of colorful flowers. Crystal holders with cream colored tapers burned softly at either end of the table.

In the receiving line were Mrs. Dismukes, Mrs. Agnes Lowe and the honoree. Mrs. Henry Ford Roberts had charge of the bride's book, and Mrs. Arthur Cobb showed the guests the many beautiful gifts.

Mrs. Dismukes, assisted by Mrs. Woodrow Lowe served the guests dainty refreshments of sandwiches, coconut macaroons and mints. Mrs. L. L. Morriss presided at the punch service.

Soft music was provided by the record player throughout the afternoon.

Polly Winston and Martin A. Hearne Are Married In Robstown

Before an altar framed with burning white tapers and an arrangement of potted palms and baskets of white gladiolas, Miss Polly Winston, daughter of Mrs. T. G. Winston of Robstown and Martin A. Hearne, Jr., son of Mr. and Mrs. Martin A. Hearne of Cameron, were united in marriage in Robstown Friday morning, May 30 at the Methodist Church with Rev. Fred J. Brucks performing the double ring ceremony.

Walter E. McGonagill gave a violin selection of "Oh Promise Me" accompanied by Mrs. McGonagill at the organ. Miss Mary Louise Bryan sang "At Dawning" and "Because". Mr. and Mrs. McGonagill played Wagner's bridal chorus from "Lohengrin" as the bridal party entered, and during the ceremony "Ah, Sweet Mystery of Life."

Miss Kathryn Moseley of Robstown served as maid of honor. She wore a floor-length frock of pastel green. The fitted bodice was fashioned of lace with full net skirt of matching color. Her headpiece was of green lace and stood as a tiara with a shoulder length veil of green net. She carried a nosegay of shell gladiolas.

Miss Arlene Hargrove of La Feria and Miss Vera Hartlage of Richmond, served as maids of honor to the bride. Their gowns were fashioned after the maid of honor's in shell peach lace and net. Their tiaras were of matching colors. Each carried a nosegay of daisies and asters centered with carnations.

Little Miss Patricia Sue Balkman, niece of the bride and daughter of Major and Mrs. John P. Balkman, served as flower girl. She wore a frock identical to the bride's with an illusion of veiling in her hair.

Master Tommy Winston, son of Marcus Winston and nephew of the bride, served as ring bearer.

The bride, given in marriage by her brother, Lloyd Winston, wore a gown of imported organdy designed with tight-fitting bodice of embroidered organdy and a sweetheart neckline. The full skirt had an inset of embroidered organdy outlined with ruffles. The bride wore a single strand of pearls. Her fingertip length veil of fine illusion had a shirred tiara centered with calla lilies.

Serving as best man was Bob Alexander of Austin. Groomsmen included Jack W. Beasley of Cameron, and Elimar Horstman, Jr., of Buckholts. Ushers were Mack F. Davis, Jr. of Bartlett and Marcus Winston.

Mrs. Winston, mother of the bride wore a dress of printed silk with black and chartreuse accessories. Mrs. Hearne, mother of the groom, wore a dress of Alice blue with white accessories.

After the ceremony approximately 75 friends and relatives attended reception at the bride's home in Petronila. Guests were greeted by Mrs. Winston, the bride and groom, Mrs. M. A. Hearne, Sr., and members of the bridal party.

Miss Evelyn Howington presided at the guest register. Centering the table covered with a white cut linen cloth were the nosegays carried by the Maid of honor and bridesmaids. A double ring wedding cake trimmed with pastel green and shell peach flowers was served by Miss Marinel McBurnet. Miss Carlene Howington served punch. Other members of the house party included Miss Laura Jean Fox, Mary Frances Moseley, Eloise Davis and Mrs. James Hanna. Vases and baskets of white gladiolas decorated the library and parlor where gifts were on display.

As her traveling suit Mrs. Hearne chose a grey two-piece suit trimmed with silver buttons. Her hat was grey felt derby and other accessories were of red. She wore a gardenia corsage.

Mrs. Hearne graduated from Robstown High School in 1942. She then attended Draughan's Business College in Houston. Following this, she enrolled in Southwest Texas Teachers College at San Marcos, where she is now a Senior student.

Graduating from Cameron High School, Mr. Hearne attended Texas A&M for one year. He then served three years in the Navy, two of which were overseas. He is now a student at SWTTC at San Marcos.

After a wedding trip to New Orleans, the young couple will make their home in San Marcos.

Out-of-town guests present for the occasion were: Mrs. M. A. Hearne of Cameron, Mrs. J. C. Durham, Kingsville; Misses Doris Hackfield and Dorace Engelking of Agua Dulce; Mrs. Glen Wade, Mrs. Joe Merritt, Misses Louis Murphree and Mary Evelyn Hansard of Corpus Christi; Miss Vera Hartlage of Richmond; Miss Arlene Hargrove, La Feria;

Jack W. Beasley, Cameron; Bob Alexander, Austin; Mack F. Davis, Jr., Bartlett; Elimar Horstmann, Jr. Buckholts; Major and Mrs. John P. Balkman, Patricia Sue and John Paul, Jr., of Los Alamos, New Mexico and Marvin Petty of Brady.

Following the rehearsal Thursday evening, a dinner was given at the home of Rev. and Mrs. Fred J. Brucks, honoring the bridal party. Twenty-three guests were present.

Bernice Jistel and Raymond Kurtz Wed In Double Ring Ceremony

Miss Bernice Jistel, daughter of Mr. and Mrs. A. L. Jistel, became the bride of Raymond Kurtz, son of Mr. and Mrs. Edwin Kurtz, Sr., on June 14, 1947. The double ring ceremony was performed in the St. Monica's Catholic Church, at eight thirty o'clock in the morning, by Rev. George Duda.

The bride was dressed in a gown of boquit satin, fashioned with a sweetheart neckline, tight fitted bodice and a full gathered skirt with tight fitted three-quarter length sleeves. Her full length veil of illusion edged in lace fell from a beaded tiara. She carried a bouquet of white gladiolas. For something new, borrowed, and blue she carried a white handkerchief trimmed in blue. For something old she wore a locket.

Miss Marjorie Ehler of Cameron was maid of honor. She was gowned in a pink marquette dress and carried a bouquet of cornflower and daisies. Miss Arlene Arndt of Barclay and Evelyn Jistel of Cameron were bridesmaids, and wore blue and yellow marquette gowns, and carried bouquets of cornflower and daisies.

Albert Mueck acted as best man and Edwin Kurtz, Jr. and Ervin Lehnert both of Cameron served as groomsmen.

Following the ceremony a reception was held at the home of the bride's parents. A three-tiered wedding cake topped with miniature bride and groom centered the table.

Mrs. Ervin Kleiber, sister of the bride, presided at the bride's book.

A dance honoring the couple was given at National Hall.

Out-of-town guests were: Mrs. Frank Pauler, Sr. Paul Pauler, Mr. and Mrs. Emil Pauler and family, Mr. and Mrs. August Pauler and family, Mr. and Mrs. Ervin Kleiber all of Schulenburg, Mr. and Mrs. Sam Miller and family, Mr. and Mrs. Gus Abel and family, Mr. and Mrs. Albert Abel and son, Mr. and Mrs. Johnny Jungmann and sons and Mrs. Charlotte Kurtz all of Buckholts; Mr. and Mrs. Herbert Wimmer and Mr. and Mrs. Frank Ulinick and son of Burlington; Mr. and Mrs. Lawrence Richter, Houston, Mrs. Paul Jeske, Rogers, and Mr. and Mrs. Al Kleiber of Wharton.

Mrs. Ann Kamenicky And Roman Marak Are Married In Late May

In a double ring ceremony on May 27, at 10:00 a. m. Mrs. Ann Kamenicky and Roman Marak were united in marriage, with Judge Dan Tyson reading the service at his office.

The bride wore a light blue dress with black accessories and an orchid at her shoulder. For luck and something borrowed she wore a penny in her shoe, and for something old she wore a pair of ear screws.

Mr. and Mrs. Adolph Hertenberger served the couple as bridesmaid and best man.

A wedding dinner was held at the bride's home, with the following guests present; Mr. and Mrs. Frank Marak, Mr. and Mrs. Charles Porubsky, Mr. and Mrs. W. M. Kamenicky, Mr. and Mrs. Adolph Hertenberger and Mr. and Mrs. Louis Feghtler and family of Waco.

Following the dinner a wedding dance at the National Hall was held where a large group of relatives and friends attended.

Mrs. Marak is the daughter of Mr. and Mrs. Charlie Porubsky. She is an employee at Goldfords Dry Goods Store.

FORMER MANAGER HERE NOW LEADS COMPANY

John W. Carpenter, president and general manager, and other officers of Texas Power & Light Company were reelected and a new vice-president was named at a meeting of the directors Wednesday, following the company's annual stockholders' meeting at which all directors were reelected and one new director named. The ensuing year will be Mr. Carpenter's 29th year as general manager of the company. W. W. Lynch, who has been a vice-president of the company for the past ten years, was elected executive vice-president.

Mr. Carpenter announced the election of John C. Young, Waco, as the new vice-president and director of the company. Mr. Young, who has been with the Texas Power & Light Company for 24 years, will continue as district manager for the company at Waco, a position he has held for the past six years.

In reporting to the stockholders Wednesday afternoon, Mr. Carpenter told of the company's \$7,000,000 construction program for 1947, designed to provide adequate electric power for the many new industries it serves, to continue the company's extensive rural electrification program, and to meet anticipated future demands of its more than 213,000 customers, a gain of 20,652 during the last 12 months. He added that the company, at the same time, has long-range plans for construction in subsequent years in keeping with its slogan "providing for the Texas of today . . . planning for the Texas of tomorrow."

"The 1947 program includes construction of transmission and distribution lines, rural extensions, new substations and expansion of existing substations," Mr. Carpenter reported. "Much of this construction was planned before the war, but the war delayed delivery of necessary materials until recent months."

"A new 132,000-volt line from the Trinidad generating station to Hillsboro has just been completed and placed in service. This will provide an additional power supply to the switching station at Hillsboro, from whence this power will be distributed to Waco and other points on the system."

"Another 132,000-volt line from Jewett to Lufkin, completed last November, is expected to be placed in service in July, when transformers originally scheduled for delivery last year, are now promised. This line will supply the industrial area around Lufkin with ample power for anticipated future growth. Also, a substation at Crockett will take power from this line for the Crockett and Palestine "Construction on a new 132,000-volt line from Trinidad to a point near Dal-worth, between Dallas and Fort Worth, is about three-fourths completed and it is expected that it will be placed in service in August. Feeder lines, operating at 60,000 volts, will make this additional power available for the North Texas area."

"Continuing its vigorous rural electrification program, the company in 1947 is building rural lines to serve some 10,000 new customers living on farms and in rural areas. This program will affect practically every community in which the company operates. During 1946, the Texas Power & Light Company extended electric service to more than 11,000 new rural and farm customers, bringing the total of such customers served by the company to more than 68,000."

To meet increasing power requirements resulting from commercial and industrial expansion, the capacity of substations is being increased by the installation of larger transformers at Waco, Sherman and Tyler and additions are being made to the distribution systems in North, Central and East Texas, Mr. Carpenter said.

Other officers are: W. H. Thomson, Vice president and assistant general manager; Ted B. Ferguson, vice-president in charge of sales and advertising; Edw. T. Keck, vice-president in charge of engineering and power; G. B. Richardson, vice-president; Geo. W. Beams, assistant vice-president; W. B. Wright, assistant vice-president; J. E. Mrs. James P. Brookshire has joined her husband James P. Brookshire here, he is with the Distributors of Education for the G. I. Mrs. Brookshire is a teacher of The Elementary school in Texarkana. She plans to spend the summer months with her husband.

Mrs. L. C. McBride, of Dallas, visited with Mrs. R. H. McIntosh the first of the week. Mrs. McBride formerly lived in Cameron, and has many friends here.

LEAVING FOR TRIP

Dr. and Mrs. S. R. Cotton of Cameron and Dr. and Mrs. George S. Cotton of Temple, will leave Sunday for a trip through Pennsylvania and Ohio and other points. They expect to be gone several weeks, returning late in the summer.

ANNOUNCING

Mrs. E. J. Rinn of Sharpe has announced the engagement and approaching marriage of her daughter, Elda, to Thomas R. Romines, Jr. The wedding will take place in July.

John Thweatt of Maysfield made a business trip to Cameron Thursday.

One Boy Jailed, One Free On Car Driving Incidents June 8-10

Two Cameron boys were charged with driving an automobile without the consent of the owner under Article No. 1341 of the Penal Code in two cases. They are Cecil Alexander and Wilburn Morgan.

The first offense occurred on June 8 when they drove an automobile belonging to Buster Hobson. They abandoned the car on the highway to Rogers when the motor failed.

On June 10 they drove a truck belonging to George Sloan of Rogers and a tire was blown out and they abandoned the truck near Buckholts.

Cecil Alexander, 16, was tried as a juvenile delinquent in District Court. He was given over to the custody of his parents with the condition that he refrain from any further offenses

against the law.

Wilburn Morgan, 17, was tried in county court, and was given 30 days in jail.

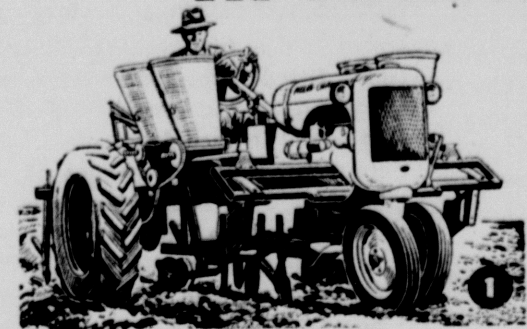

Mr. and Mrs. Ray Kirk of Route 3 Cameron are the parents of a son born at 9:40 a. m. on Monday, June 9 at the Newton Memorial Hospital. The baby weighed 6 pounds and seven ounces and had not been named late Monday.

Mrs. Scott Davenport transacted business at the Court House Tuesday, she is from Rockdale.

Mr. and Mrs. John P. Young, and daughter, Tricia, of Odessa, will arrive in Cameron the last of the week and will visit with their mothers, Mesdames C. P. McGregor and Dalie Young.

Miss Evelyn Krupicka of Buckholts was a visitor in Cameron Friday.

There's FUTURE IN FERTILITY

THREE METHODS . . .

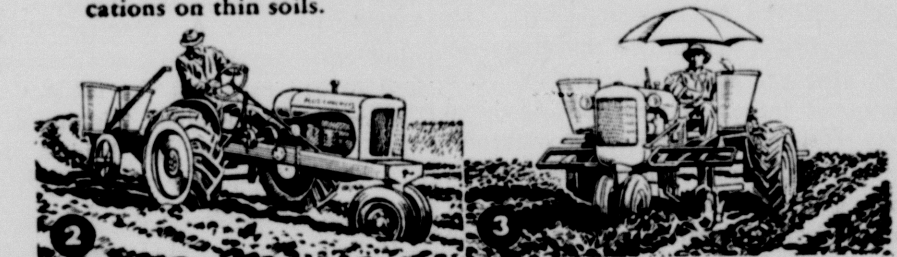

SAME INTERCHANGEABLE HOPPERS

- 1 PLANTING**—Fertilize while you plant. Greatest return from small amount of fertilizer. Stimulates early growth. Young crops grow faster than weeds—mature earlier.
- 2 PLOW-SOLE**—Fertilize while you plow. Makes plant food available to deep growing roots and sub-surface moisture. Produces impressive yields. Heavy applications possible without danger to plants. Can be applied fall or spring.
- 3 SIDE DRESSING**—Fertilize while you cultivate. Provides plant food when greatly needed. Requires half as much fertilizer as when broadcast or disc in. Convenient method for applying heavy applications on thin soils.

Proper use of fertilizer on your farm may help you reach new levels of crop production. Even on so-called "rich land" a "balanced diet" can produce surprising results.

Yes, fertilizing pays, but merely applying fertilizer is not enough. Improper application is a waste of money . . . can even do more harm than good. Experience has shown that small amounts of fertilizer properly placed produce greater gains than large amounts poorly placed.

Study the three methods shown here. Use all three for maximum results . . . eliminate extra operation. Stop in and talk to us about modern equipment for improving your soil and increasing your profits.

35th Anniversary

OF BUILDING COMMUNITY PROSPERITY IN TEXAS
AND IMPROVING LIVING CONDITIONS . . .

SERVING HOME, FARM, BUSINESS, INDUSTRY
WITH DEPENDABLE, LOW-COST ELECTRICITY

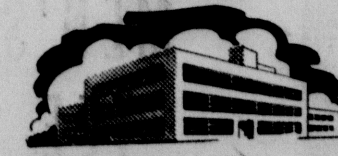

HOME

FARM

BUSINESS

INDUSTRY

This month marks the 35th anniversary of the founding of Texas Power & Light Company . . . 35 years of progress, of development, of growing with Texas . . . 35 years of serving you. During this time, economies have been effected, efficiencies of operation developed and use of service increased so that your cost per kilowatt-hour for TP&L electricity is but a fraction of what it was in 1912. This is particularly significant in view of the fact that the cost of living as a whole is far greater than it was 35 years ago.

From a modest beginning in 1912, serving 14,934 customers in 13 communities, Texas Power & Light Company has expanded until, today, it serves more than 210,000 customers in 459 cities and communities. Over 2,500 TP&L men and women dedicate each working day to furthering community prosperity and a better standard of living, through an abundant power and light service.

Pioneer of high-voltage transmission line service in Texas, this Company now has more than 13,000 miles of transmission and distribution lines . . . providing dependable, low-cost electricity to a 52-county area of North, Central and East Texas. As the existence of this service has been a vital factor in the past growth and development of this area, so today it provides a basic requirement for continued industrial and economic progress.

As we observe this 35th anniversary of serving you, we look forward with confidence and anticipation to our share in building an even greater Texas of the future and to many, many more anniversaries in your service!

LEON DUBOIS IS AMONG KNOWN PHILIPPINE DEAD

T-3 Leon G. DuBois of Cameron, who died in the Philippines during the early stages of the Japanese occupation, having been taken a prisoner on the Peninsula of Bataan, has been identified among 353 Americans who lost their lives as members of the armed forces.

Technician Leon DuBois, was the son of W. DuBois, agent here for the Santa Fe Railroad. He had been in the regular army for several years and was on active duty in the Philippines.

The 353 were among a group of approximately 1600 who were buried in the Camp O'Donnell prisoner of war cemetery on Luzon. After the end of the fighting in the islands they were disinterred and reburied in the United States armed forces cemetery Manila No. 2.

More than a year of study of the individual cases was made before the identities were established by the office of the quartermaster general. Continued study is planned of all other remains still unidentified, the announcement said.

After having spent a few days in Cameron with her parents, Juanita Boedeker left for New Orleans and other places of interest in Louisiana.

H. W. Walker of Beaumont, made a short visit in the home of his sister, Rev. and Mrs. E. O. Harrell. Mrs. Watler, who has been serving with the Marine corps was recently discharged.

Wallace Schlemer is leaving Thursday for Ohio where he will follow Construction work. He was formerly an employee at the Dow Chemical Co. at Freeport.

Mr. and Mrs. C. L. Canady, teachers in Cameron schools, and their daughter, Miss Carol, who has been a student at Baylor University, Waco are visiting with relatives and friends in Ardmore, Oklahoma.

Relatives and friends of A. B. Bufington will be glad to know that he is able to be removed from Kings Daughters Hospital in Temple to his home. He is reported to be improving.

Joe Tomek of Buckholts is ill and under treatment as a patient in the Newton Memorial Hospital. Friends will be glad to know he is doing well.

Termites Killing Trees; Proof of It Can Now Be Seen

Is humanity facing a new peril? Is the great war of the future one of survival against the insects? Many thinking people point to prophecy and when you look round it isn't hard to believe. Crops are now almost impossible to raise.

But the latest is the termite killing trees.

Tom Brock, local contractor, has just found a large china tree killed by termites. These insects bored into the trunk of the tree some two feet in circumference and literally gutted the trunk and limbs.

A limb sawed from the tree is on display at The Herald and one can see for himself what this insect can do to timber besides eating up a house.

W. T. Hanes Reports On Rotary Convention In Letter to Herald

Cameron Rotarians will be pleased to have further word from W. T. Hanes, president-elect of the club here, and who is a delegate to the Rotary International Convention in San Francisco.

Mr. Hanes has sent in two reports to The Herald and the publishers pass along the information to members of the club and the public.

Mr. and Mrs. Hanes and son Billy, are registered at the Sir Francis Drake Hotel, one of the finest in the west. It is interesting to note that the rooms they occupy were those assigned to the Prime Minister of New Zealand during the United Nations meeting there in late 1945.

In his letter to the publisher Mr. Hanes said: "We are going to the ball for the President to-night. We had dinner on the famous Fisherman's Wharf to-day. This is a lot of excitement for us country folks. The entire program tomorrow night is to be in Chinatown."

Among the speakers was Texas born, Tom Clark, Attorney General of the United States, who praised Rotary for its Youth Program.

A direct dispatch to the Herald received early Friday tells of the election of S. Hendrick Guernsey, of Jacksonville, Fla., as the new president of Rotary International.

CATHOLICS—

(continued from page one)

The well-trained Cameron Scouts took down firsts in six of the 10 events, managing to place in everything.

Troop 10 from Waco and Rockdale's Troop 88 split the other four blue ribbons between them.

Cameron's fire-builders had all sorts of trouble, and were reduced to throwing soap in the water and blowing on the flame, but came through fastest, even though hindered by a high and changeable wind.

The wind made the pup tents look like sails on a galleon, but here again Cameron came through for first. Waco 10 lost this event on a heart-breaker as it pitched its tent first but had one peg missing. A quick dash to the woodpile and some speedy hatchet work gave them the red ribbon, however.

Some real toughies were dreamed up by the six-judge committee for the compass problem, but troop 10 from Waco was able to solve them for 10 points on their score.

First-aid men faced the problem of a victim of an auto crash, who had a cut left eye-ball, lacerated left hand, and injured foot.

Troop 88 of Rockdale did the most skillful job on its victim to get the judge's nod.

Injuries, however, did not prevent the boys who acted as victims from racing over to get their share of the free pop and ice cream donated by the Temple Chamber of Commerce. "Heart Circle T Ranch" was the message which Cameron semaphored quickest in the signalling event.

The secret project turned out to be an undressing contest, with the ribbon going to Waco, whose entry stripped to his trunks and redressed in the best time.

The O'Grady drill, which looks easy but is really quite difficult, consists of one judge's giving commands to the group. Those orders prefaced with "O'Grady says," are to be obeyed; the others are to be disregarded.

One of Judge Ted Dawson's commands stumped the entire group, but a total of 11, including four from Rockdale, refused to be confused twice.

Culinary artists worked all afternoon on their masterpieces, with the judges sampling the results and naming Cameron the champ. The Scouts then devoured their own products.

In the pioneering contest poles were lashed together to form a tower which must support the weight of five Scouts. Only six minutes were required by Cameron before their structure was perfected.

Quite a tortuous course was laid out for the obstacle race, but Cameron's five-man squad mastered it in the blistering time of 39 seconds. Climbing ropes, jumping ditches, and wriggling under strings set a foot off the ground were some of the hazards encountered by the competing Scouts.

Thanks and congratulations for a fine job with Boy Scout 52 in Cameron. This troop is sponsored by the Knights of Columbus and Ted Matula is Scoutmaster and Frank Richter, Jr., is assistant Scoutmaster.

Mr. and Mrs. Ray Thompson are the parents of a daughter born Monday, June 16, 1947, at St. Edwards Hospital. She weighed 8½ pounds and has been named Frances.

Mr. and Mrs. F. J. Drgac visited in Caldwell with his parents.

Mr. and Mrs. Tommie Rowser, who are visiting her mother, Mrs. Annie Reese from Los Angeles, Calif. accompanied by Mrs. Reese, visited Mr. and Mrs. Wayland Hughes in College Station Tuesday. They have moved into their newly completed home at College Station.

NEW CHEVROLET TRUCK
IS DUE HERE SOON

The new Advance-Design line of Chevrolet trucks and commercial cars will be shown to the public in Cameron soon it was announced today by R. G. Grabein, Chevrolet dealer.

"All over the nation Chevrolet dealers will be exhibiting the new trucks," Mr. Grabein said. "We are having a special showing in Cameron soon and cordially invite truck owners, fleet operators and others interested in trucks to visit our show-rooms."

Advance information on the trucks, Mr. Grabein said, indicates that the line will be the most comprehensive in the history of Chevrolet and will feature driver comforts and conveniences not heretofore available in motor trucks.

"For the first time in the history of the automotive industry, a truck has been designed which has as a basic concept the comfort and safety of the driver," Mr. Grabein said. "We predict that the result will have the complete endorsement of truck

owners and drivers." Re-styling and precision-engineered, the Advance-Design line of trucks Mr. Grabein declared, provides an efficient, dependable, safe and low-cost unit for practically every type of hauling and transportation requirement.

This display will be soon. Trained truck men will be on hand to explain the features of the vehicles.

QUALITY OF CROP IS
NEW MARKET FACTOR

No. 1 tomatoes were bringing 9c per pound here Friday it was announced by Foster Produce Company.

This is the highest price yet paid at the Cameron market and it was thought to be higher than any prevailing price for No. 1 green tomatoes Friday.

Mr. Foster said that the supreme quality of the Cameron tomatoes was the main factor in the upward swing of the price; that the tomatoes had been well received in the markets and processors are calling for more.

Pinks were bringing 7c per pound. Mr. Foster said the crop is needing rain and pinks are coming in fast due to the continued dry weather.

MRS. CORNELIA GRAYSON
DIED HERE EARLY MONDAY

Mrs. Cornelia Green Grayson died at the home of her brother, Leland Green, Sr. in Cameron at 5 a. m. Monday, June 16.

Mrs. Grayson who had been a resident of the Rio Grande Valley for a number of years and lately in Rosebud, also lived in Cameron some 25 years ago. She had been ill for some time.

Funeral services were to be held at 10 a. m. Tuesday, June 17 from the First Methodist Church in Cameron with Rev. A. E. Rider, pastor, conducting and being assisted by Rev. S. L. Culwell, pastor of the First Methodist Church in Rosebud. Interment in Oak Hill cemetery with the Green Funeral Home directing.

Mrs. Grayson was born in Huntsville, Alabama, the daughter of the late Charles and Mary Elizabeth Green.

When a young girl Mrs. Grayson came to Texas and to Cameron where her brother, C. N. Green had established a mercantile business and worked as a book keeper in the store for the firm of C. N. Green & Bros., for many years. She returned to Huntsville in later years and there married R. N. Grayson.

After her marriage Mrs. Grayson and her husband lived in Huntsville, Alabama for a number of years and then moved back to Texas settling in the Rio Grande Valley at Mercedes.

In 1946 she came to live with her brothers in Cameron, Rosebud and Wichita Falls.

Surviving are five brothers and three sisters as follows: E. E. Green and John Green of Rosebud; W. L. Green of Dourzette, Texas, A. N. Green and Leland Green of Cameron; Mrs. E. B. Alexander, Wichita Falls; Mrs. A. W. Esslinger, Cameron and Mrs. Saluda Schaudies of Rosebud.

Pall bearers will be John Green, Jr., Marshall Green, Eugene Green, Andrew Esslinger, Pearce and Clarence Schaudies, Frank Perrin and Bill Bailey.

Mrs. Brann Mauldin of Buckholts is among the patients in the Newton Memorial Hospital. She has been quite ill but is improving and friends will be glad to have the good news.

Mr. and Mrs. Wright Price of Cameron and Mr. and Mrs. Carl Walzel of San Antonio spent a three week vacation in New York and other points of interest. While in New York they visited in the home of Mr. and Mrs. W. J. Redfern. Mrs. Redfern is a daughter of Mr. and Mrs. Price.

T. C. Bankston from Rockdale visited friends in Cameron recently.

Mr. and Mrs. Will Speckman and Mr. and Mrs. Pierce Phillips of Christman shopped in Cameron this week.

Joe Hluchanek of Caldwell was a business visitor in Cameron recently.

FRANK PHILLEY STARS
AS RED SOX WIN

Frank Philley pitched the Cameron Red Sox to another win over the Temple Farmers Sunday by a score of 9 to 6. He went the full route and came up gallantly after a 3 run scoring spree in the first inning.

The Farmers were held to no scores until the 9th when they got three more.

Michalka for - Cameron and Reed for Cameron were sensations for the day at bat. Michalka got four hits in as many trips to the plate while Reed got 4 out of five.

Cameron was trailing until the sixth but had scored one run in the second. A comedy of Temple errors in the sixth coupled with a single by the Sox got the game on ice. But Cameron had scored 4 runs.

Heavy stick work by Michalka and Reed gave the Red Sox four more runs in the 8th ining to make it nine.

Temple came back strong in the 9th ining to score three runs but that was not enough. Two batters had reached base and McClain for Temple hit a home run off Philley to score three runs.

Philley limited the Farmers to eight hits and got 6 strikeouts. Michalka got two doubles and two singles to pace the Sox and Reed got a double and three singles.

Next Sunday Bartlett comes to Cameron with the strongest team

the Sox have faced this year. Word is that Harry White of Davilla, widely known mound star will pitch for Bartlett.

Shirley Ann Smith is visiting relatives in Washington D. C. on an extended visit.

If you have a party-line telephone, here's a suggestion...

Party-line service is best when everyone on the line is thoughtful and courteous. You can get the most value from your party line by doing these simple things:

1. Keep your calls short and space them as much as possible. That will give the other fellow a chance to call, or be called.
2. Hang up quietly if the line is in use when you try to call. Wait awhile before calling again.
3. See that everyone in the family does his or her part at observing party-line telephone courtesy.

INDIVIDUAL LINES for all who want them will be available after we have served all the people waiting for telephones. That's our first job now — and it's a big job! When it's finished, we can begin to install the equipment needed to give people the kind of service they want and need.
